Tote Bag

To create this stirring image of technological achievement, a sad and anonymous Soviet postage stamp artist toiled under a single bare light bulb, sipping weak tea and fretting over the fate of his lost dog, Little Josef. Little did he know that KFJC would honor him by appropriating his work in the hopes that modern consumers would proudly display this rugged tote while they ponder an array of dewy winter melons. The tote bag is 18" wide x 15" high with a 5" gusset. It has 1.5" wide x 26" long cotton webbing handles and two rows of stitching across the top of the bag for added strength. Handles are tucked and folded under the top hem.

Girlie Shirt

Who is Eclair Bandersnatch? Prolific graffiti writer, cultural provocateur, political activist, social satirist? She is all of these, a creative force of nature using clever wordsmithing and raw sexuality to seduce you into seeing the world through her eyes and on her terms. Forcing us to recognize the irony of the human condition, financial inequity, social injustice, sex and gender roles are just a part of the agenda sweetly whispered in your ear or brutally slapped across your face by her highly recognizable hyper-sexual vamps and vixens who unapologetically tell it like it is.
